

## PORTABLE TABLET HARDNESS TESTER- QHT-01P

### SPECIFICATION

Min load	0.1N
Accuracy	0.5%full scale
Tablet size	2 mm to 28 mm
Power	Ni-Hi8.4V, 1200mA
Optionalpower	6VDC adaptor (on request)
Carry temperature	27°/ 70°C
Relative humidity	5% 80% RH
Work environment	No vibrancy
Dimensions (L X W X H)	355 x 91 x 76
Weight	Net 1.5 kgs
	Gross 2.4 kgs

### FEATURES

- Tablet Hardness Tester with printer connectivity
- Complies with USP requirements
- Hardness measurement by load cell upto 500 N
- Printer connectivity through RS 232 port
- Programmable plausibility upper (T1) and lower (T2) tolerance limits
- Display and print-out of 10 test values and with Statistics
- Tester operates on rechargeable battery
- IQ/OQ Documents.

### PART & ACCESSORIES

- Brass Weight 5kg for Validation With Certificate.
- Brush
- Force Gauge
- Hook for Validation or Calibration.
- 24 Column Thermal Printer
- Communication Cable
- Power Supply Adapter.
